PROFESSIONAL HEADLINE

Full Stack Developer | React | TypeScript | .NET

PROFESSIONAL SUMMARY

Systems Engineer and Full Stack Developer with experience building corporate web applications using React, TypeScript, and .NET.
Currently working on enterprise projects for HP, developing scalable frontend interfaces and microservices integrated with SQL Server. Experienced in cloud environments (AWS and Azure), CI/CD pipelines, and Agile (Scrum) development teams. Focused on writing clean, maintainable code and building scalable solutions for high-impact products.

TECHNICAL SKILLS

Backend: C#, .NET Core
Frontend: React 18, TypeScript, HTML5, CSS3
Database: SQL Server
Cloud: AWS, Azure
DevOps: CI/CD Pipelines
Methodologies: Jira, Scrum
Tools: Git, GitHub, Postman

PROFESSIONAL EXPERIENCE

Full Stack .NET Developer – HP
October 2023 – Present
• Develop and maintain corporate web applications using React 18 and TypeScript.
• Implement user interfaces using Veneer (HP Design System) to ensure consistent and scalable frontend components.
• Develop and maintain microservices using .NET Core integrated with SQL Server.
• Participate in Agile Scrum ceremonies including Daily Standups, Sprint Planning, Reviews, and Retrospectives.
• Manage source code using Git and GitHub in a collaborative development environment.
• Contribute to cloud migration processes from AWS to Azure.
• Implement automated deployments through CI/CD pipelines.

ACHIEVEMENTS

• Successfully adapted to a global corporate environment with high technical standards.
• Maintained project continuity despite contractor changes, ensuring consistent performance and responsibilities.
• Optimized code to improve application efficiency and performance.
• Contributed to deployment stability by applying CI/CD best practices.

PROJECTS

SimpleService – Full Stack Web Application
React | Node.js | PostgreSQL
Demo: https://simpleservice-six.vercel.app/
• Developed a full stack service marketplace platform using React, Node.js, and PostgreSQL with authentication, user dashboards, and REST API integrations.

EDUCATION

Bachelor's Degree in Systems Engineering
Santiago Mariño Polytechnic University Institute
2012 – 2017 | Venezuela

LANGUAGES

Spanish: Native
English: Basic – Technical reading and documentation
